

**Accomplish
Anything**

**Get knowledge
to where it is needed**

Helping organizations perform as intelligently
as the people inside them.

Cultivate a more capable business
by developing and mobilizing your
organization's intellectual capital.

Knovolution Ltd. is a niche management consultancy based in Northumberland. Founded by Janine Weightman in 2019, the mission is to help organizations perform as intelligently as the people inside them. Knovolution helps organizations cultivate greater capability by transforming the way people create and mobilize critical knowledge within teams, operations and services – business success depends on it.

Get bespoke, practical support via 1-1 and group sessions, digital services, and training to discover how you can implement strategies and tactics to build greater organizational intelligence.

Push the frontiers of what your organization can accomplish – lead your knovolution.

KNOWLEDGE n. /nol-ij/

A prerequisite for taking action; your sublime entanglement of understanding that comes from experience, learning, information and interacting with other folk; an accelerant to decision-making; a human superpower to transform problems into solutions; useless when it isn't shared or applied; sometimes lost or forgotten; wholly dependent on context; a valuable byproduct of failure; an advantage to those who invoke it.

INCITE CAPABILITY

People Power. Enable people to act with confidence, clarity and competence

UNITE PEOPLE FOR PROGRESS

Community. Through connection, we amplify each other's effort and success

TRIUMPH OVER ADVERSITY

Solutions. Rebel against problems through learning, responsiveness and resilience

REVOLUTIONIZE SUCCESS

Progress. Break from the norm, circumvent mediocrity

WHAT WE DO

Clarity Call

1-1 power-hour to help you unpick your thoughts and get immediate guidance on your specific circumstances. Explore challenges and opportunities – kickstart your knovolution.

Knovoscope

A facilitated programme to navigate your unique circumstances and pin-point areas for improvement in organizational intelligence. Discover your mission.

Knowledge Management Assessments

A facilitated process to profile, assess and evolve how you create and use knowledge to improve organizational intelligence. Benefit from diagnostic evaluations, knowledge audits, and capability assessments to get insight on where to target your improvements.

Strategy Development

Bespoke consulting service to identify direction, tactics and actions. Get plans, frameworks and roadmaps to move your mission forward.

Community Creation

Collaborative workshop approach to define, design and implement internal/external knowledge-sharing and brand communities. Build your valuable networks.

Solution Design & Launch

Get help with creating your specific knowledge management interventions, and support in technology implementations. An extra perspective to set you on course for success.

Training

Deep knowledge-transfer, through group coaching programmes, courses, corporate programmes, and 1-1 custom training, to arm you with the theoretical and practical understanding to lead your knovolution.

Knovolution Network

Dedicated online community and membership site with tools and resources to help knovolutionaries learn and connect.

KNOVELATION

Clarity – Discovery – Revelation.
Defining the challenge and vision.

KNOVELATE

Strategy – Blueprints – Direction.
Creating the future.

KNOVOLIZE

Implementation – Capability – Change.
Putting plans into action.

KNOVOLVE

Sustainability – Evolution – Support.
Keeping the dream alive.
